

10 Things I Love About The Rock Christian Church

"So often Pastors only get feedback both directly and indirectly when someone is struggling with offence or disgruntled over a particular (or many) issues... This is definitely NOT one of those letters!

In fact, quite the opposite.

As a wife, mother and grandmother to my beloved family, I cannot express how grateful I am that God has led Tony, myself and our growing family to the threshold of The Rock Christian Church. We have, corporately and individually been so blessed by the warm welcome and acceptance that we have received into the church family at The Rock.

Do you remember that movie with the late Heath Ledger "Ten things I hate about you"? Well I want you to know "Ten things I love about the Rock Christian Church"

1. Jesus is No. 1
2. God's truth is taught faithfully every Sunday am and pm without compromise or dilution – equipping the Saints so that they can be released into God's purpose & blessing
3. Real people / sincerity / transparency
4. Heart of worship (extravagant worship)
5. Freedom in the Holy Spirit
6. A heart for families both those who attend The Rock and those being touched by God in the community by the community outreach – generosity of spirit
7. Faith built on the promises of God - we will see signs and wonders as normal occurrences and I cannot wait
8. Equipping the Joshua generation in youth and children's for today is their day
9. The vision (past, present and future) for The Rock and its people

Praise God for directing us to the door of such an awesome place of fellowship. We look forward to 2008 and New Horizons!"

May God continue to bless you both as He directs you in your Pastoral role.

Liz R.
