

Industrial Chaplaincy Program

The Rock Christian Church are offering a **free** Chaplaincy program to all businesses within the Capalaba District.

This **Free** service includes

- Weddings
- Funerals
- Pastoral counselling for personal or family issues
- Baby dedications
- Prayer & support

Our motto & mission statement is *"Restoring lives, Restoring Hope"* through

Restoration
Outreach
Care
Kinship

The Rock Christian Church is committed to fulfilling its mission through many community ministries and this industrial chaplaincy program is just one of the ways we

How to access the program

- All you have to do is pick up the phone or drop in to our facility on Neumann Road and ask to speak to a person within the chaplaincy program.
- Those assisting in this program are ordained ministers and experienced community workers.
- We see our role within the local industrial area as one that offers assistance to anyone within the community. Whether it is a wedding, a funeral, a baby dedication, or a family support issue.

Our Chaplaincy services are totally free and have no strings attached in relation to your beliefs or standard of living. We accept all unconditionally and count it a privilege to help people to experience happiness and a holistic lifestyle.

Other Programs we offer

Food-Link

This service is an initiative of The Rock Christian Church Capalaba. It has been operating for six years within the Redlands and has aided hundreds of families during that period. Our aim is to provide a holistic approach to care for families and youth within the Redlands. Food-Link operates solely by donations from a few local businesses and from individuals within the community and The Rock.

Emergency Food Parcels

Due to the high demand on our services we are able to provide each family or individual with a one off emergency food parcel. After this, we ask all members for a donation of \$30 as a process and handling fee. The annual membership cost is \$10 per family. We do take into consideration that some people are unable to consume certain types of food so we have implemented a system where the clients have the opportunity to choose from a variety of foods available. The parcels consist of food far above the cost of the process and handling fee.

The Rock believes in the principle; if you give a person a fish he will eat for one day, but if you teach him to fish then he will be fed for life. We are not a hand out but a hand up organisation where we believe in assisting people to become successful and self-reliant by offering budget and financial planning assistance.

Street Van

This ministry has been operating seven years within the Redlands. The van provides support in a practical way to those who are in need of emotional support and light refreshments. The Van operates at the Cleveland Courthouse and other venues where people have to wait for long periods without available refreshments. The support at the courthouse has proven to be a great tool to support family members of those facing court charges and to relieve aggressive attitudes of defendants towards the judicial systems and authorities.

Berrie (Aust)
Michel's Patisserie
Bayside Cabinet Makers

Care-Link Community Maintenance Program

This is a means based program which assists those who are unable to complete basic home maintenance and repairs. Specifically aimed at the disabled and elderly generation within the community who do not have the expertise and resources to have these repairs completed.

Redlands Youth Challenge Inc (RYC)

Redlands Youth Challenge is an incorporated registered charity which was modeled after Teen Challenge. This ministry was founded by the National Director of Teen Challenge, Christian Ministers and business people within Redlands to provide a positive programs for disadvantaged youth and their families who are affected by drug & alcohol abuse and family breakdown. This organisation although separate from The Rock Christian Church, is managed and directed by its board and other community members.

RYC Youth Accommodation Facility

This facility has been in operation since 2004 within the Redlands and has housed over 100 homeless, abused and under-privileged teenage males between the ages of 15-18yrs. We work closely with the Department of Child Safety, Police and Community Services to provide an accommodation program. Within this program the teenager gains training in life-skills, assistance to gain entrance into the workforce, licensing, self-respect and confidence. During the past 3 years we have partnered with parents to see many families reunited after completing our program.

Seminar / Conference Facility

The Rock Christian Church building is available as a corporate training facility.

The building accommodates 200 plus people in theatre style seating. Its modern multimedia and sound equipment, along with a large 7 x 7 metre screen adds appeal to this great facility.

A very moderate fee will apply for the use of the facility.

It is only through the generosity of the members of the The Rock Christian Church and the local businesses within the community, that allows us to provide these services.
